

BC Fetal Health Surveillance Update 2020 for FHS Instructors

MOC 1 section accredited

The 2020 British Columbia Fetal Health Surveillance (FHS) Update intends to inform FHS instructors in British Columbia regarding changes to fetal health surveillance content and program as a result of the update to the SOGC Intrapartum FHS guideline.

Objectives for Instructors:

- To review the changes in the new 2020 SOGC Intrapartum FHS Consensus Guideline
- To discuss the role of the FHS Instructor in sharing the updates to the FHS Guidelines and incorporating into future FHS education
- To discuss any question in relation to the content of the guideline and your role as a FHS instructor

Target Audience:

Current FHS instructors in BC (nurses, doctors, midwives)

Course Length:

Recorded Update – 1 hour (pre-requisite to Q&A session)
Q & A Session – 1 hour (LIVE session)

Available Q&A Sessions:

August 26, 2020	5 - 6pm
September 25, 2020	8 - 9am
September 29, 2020	5 - 6pm

REGISTRATION:

To access the pre-recorded update and to sign-up for a Q&A Session visit the **Learning Hub** (please register for Learning Hub if you do not have an account) and search for “**BC Fetal Health Surveillance Update 2020**” OR by clicking on the following link:
